

Retreat at Piano Manor

A getaway for growth-minded piano teachers.

Piano Teachers: You are invited!

Looking to refresh and re-energize your teaching? Retreat at Piano Manor is the perfect getaway to find relaxation and achieve growth as a piano teacher. This unique three-day retreat will take place at Joy Morin's home in Bowling Green, Ohio from August 9-11, 2018.

Our Theme for 2018:

NURTURING PIANO TECHNIQUE IN BEGINNERS

Join us as we explore how to ensure our students each develop a healthy, happy piano technique from the beginning. Attendees will share their best tips and insights from their experience and participate in group projects researching the various schools of thought when it comes to piano technique. One of the highlights of the retreat includes a session by guest speaker Nancy Crego disseminating the Alexander Technique. Teachers will leave equipped with new perspectives and teaching strategies for not only avoiding playing-related injuries or discomfort down the road, but enabling even beginner students reach their fullest potential as pianists.
